

This half term value is

Originality -the ability to think independently and creatively

This panel is from the Understanding Christianity resource.

The panel is known as Kingdom of God and shows the impact of Jesus.

You will see lots of colour in this panel as the World begins to come together.

The planning this week will be reflecting on the changes that we are seeing as the Lockdown begins to release and children have begun their return to school. The Kingdom of God panel above shows the colour returning due to the impact of Jesus, hopefully children can reflect on this as the colour hopefully returns into their life as they begin to see their friends and family. However, we must remember, this may not be the case for everyone as they may be scared and anxious at this time.

This week we are going to be thinking about changes and how that can make us feel. Changes happen all the time, but we do not always notice them, day turns into night, weather turns from hot to cold, sun to rain, animals move from place to place. Change is occurring all around us, but some changes are recognisable, and it is important that we recognise how that makes us feel.

As some of us returned to school this week we may have seen several changes. Can you think of at least three things that have changed since you were last in school? If you have not returned to school yet, think of three changes that have happened in your daily life. Now think about how this has made you feel, did your feelings change at different times throughout the day? What did you do to change the way you were feeling?

God made changes and supported Noah during this time. As you watch the link below think of how Noah was feeling during this time. Did his feelings change as he prepared for the changes that were about to happen? Did Noah give up hope? Who gave Noah hope when it returned to the Ark?

<https://youtu.be/qzYjy6lhRag>

Time for Reflection

What changed for Noah during this time?

What has changed for you since Lockdown?

Let us pray together

Dear God

Thank you, that when we have changes in our lives,

some things stay the same,

and you are there to help us.

Help us not to give up hope,

when things around us seem new and different.

Amen

Please join in singing – The animals went in two by two

Activity task: Look for the doves of Hope around the school but staying within your bubble

Extension: You may want to make your own Ark

Share your designs with me @MrsFrancis18 and I will share it on Thursday evening via Twitter
