

Summer Suggestions (Week 5)

Week 5 – Every week I am more and more impressed with the effort everyone is putting in. I am aware that as lockdown continues it is harder for you all at home. Please try and make things fun and keep yourselves safe and happy. That must be the most important for you all. I hope you enjoy some of next week's suggestions.

Over this week please try to do what you can from the boxes.

I thought we would think about South Africa next. I usually read Journey to Jo'burg when doing these activities, but I have not been able to find a free version for us to share, so we will just do some of the activities.

Literacy (LLC)	<p>I will be setting a comprehension, I cannot put the link on here but it will be on Dojo. It will be on The Butterfly Lion</p> <p>Try and find out about Nelson Mandela, who he was and what he did. This is a good link but you may find more. https://www.natgeokids.com/uk/discover/history/general-history/nelson-mandela/</p> <p>Tell me about him and how he changed the world.</p> <p>Spelling rule 18 on https://spellingframe.co.uk/spelling-rule/3/Year-3-and-4</p> <p>Try and put the words into sentences and see if you can find the definitions using a dictionary.</p> <p>Don't forget to do some Purple Mash reading too. Try reading some of this out loud to an adult or a pet!!</p>
Maths and Numeracy	<p>The Daily Challenge x 3 sheets</p> <p>This week we are going to look at area and perimeter. Watch the link below to help understanding. https://www.bbc.co.uk/bitesize/topics/zvmxsbk/articles/zsr4k7h https://www.bbc.co.uk/bitesize/clips/zwsvcdm https://www.youtube.com/watch?v=rSVMrPu0_U https://www.bbc.co.uk/teach/class-clips-video/maths-ks2-understanding-area-and-perimeter/zb87t39</p> <p>Choose from the investigations on the Nrich site below.</p>

	<p>https://nrich.maths.org/9028</p> <p>Just for fun, why not play a maths game with a pack of cards? Click on the link below to find out how to play.</p> <p>https://www.youtube.com/watch?v=HeO0g0cSvx0</p>
Health and Well being	<p>Try and learn a new skill.</p> <p>This week we can work on knots and bows, make sure you can tie your shoelaces securely. Then move on to see if you can learn how to tie some other knots like a reef knot.</p> <p>Try and do some sort of exercise – there are a few different suggestions for you to try below. I would start to mix and match things to keep your interest.</p> <p>Joe Wicks to challenge Cosmic yoga (youtube) (I know a few are using this from talking to you) Go Noodle Just Dance Kid (choose to have variety that suits individuals)</p>
Humanities	<p>Find out where South Africa is on a map and some facts about it.</p> <p>https://www.kids-world-travel-guide.com/south-africa-for-kids.html</p> <p>Find out about the animals and nature</p> <p>https://www.natgeokids.com/uk/discover/geography/countries/facts-about-south-africa/</p>
Science and Technology	<p>The Dyson 6 challenge Cardboard boat</p> <p>This challenge will test your design and invention skills. Can you design and build a boat from cardboard that's strong enough to float, even with a weight on board? Watch the clip to help with ideas.</p> <p>https://youtu.be/H_scnWnN1Fg</p>

**Expressive
Arts**

What models of African animals can you make from toilet roll middles?

I will put up photos to help with ideas.

When you are out on your walk, find a pebble and decorate with an African animal on it. Put the Year 4 twitter handle on the back and ask the person who finds it to tweet a photo and hide it again. Let's see how many tweets we can get. You can use felt pens, paint or anything else to decorate. Maybe you will find one if you go on a safari walk!!!

Most important of all have fun!! I am looking forward to seeing your activities Mrs C.
