

Well-being

Can you make this lovey picture using circle prints to say all the good things about yourself?

Can you make an instrument from recyclable materials? This sounds like fun

Outdoor Learning

Can you find a small part of the garden where you can dig and find some worms? Be careful how you handle them, but look at them closely and see what you can see.

When you finish the activity remember to wash your hands thoroughly!

Nursery Butterflies, Bees and Bugs

Bug Hotel

Have you checked your Bug Hotel? Has anyone checked in? Be careful when looking. If you find you have guests, make a note of how many and who they are :-)

Can you make an insect picture using leaves from the garden? Make a few and see what they look like.
